

Fairy Floss Machine

Note

- The centre spindle will be hot during operation and just after use and may cause burns if contacted.
- Do not touch the centre spindle with your hand or sugar scoop when in use to prevent injury and/or damage.
- Do not tip water or other liquid into centre canister.
- After every half hour of use turn off all switches to allow machine to cool down for 15 minutes or so.
- Use caution when using electrical appliance. Ensure all leads are free from breakage and check for exposed wiring.

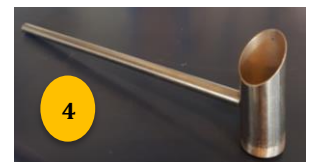

Transport and Set Up

- Note that the upper perspex cover, stainless steel bowl and machine unit can be separated for ease of transport.
- Transport with care on a stable surface and strapped in to prevent damage.
- Set up the machine on a stable surface and in an area not likely to be affected by adverse weather.
- Ensure stainless steel bowl is clipped in (1) and Perspex cover is securely in position prior to use.

Operation

1. Plug cord into a power socket and switch on the power (2) and heat switches (3). Allow five minutes to heat up.
2. Pour a scoop (4) of sugar mix into the centre spindle.
3. As the floss begins to appear in the bowl insert a stick through the opening in the Perspex cover and swirl around the bowl turning the stick at the same time to collect the floss.
4. Remove stick when enough floss has been collected.
5. Repeat steps 3 and 4.
6. When no more floss is being produced pour another scoop of sugar into the spindle and go again.
7. When having a break for no more than 10 minutes turn heat switch off. If the machine is not in use for more than 10 – 15 minutes turn the power switch off.
8. Ensure all the sugar mixture has been used if the machine will not be in use.

Cleaning

- Once the machine has cooled down use a damp cloth to wipe out residual sugar and floss. You do not have to clean the inside of the spindle. All sugar mixture should be used up. Never pour water into the spindle.
- Wipe down inside of cabinet to clean using a damp cloth.

Quantities

- 500g of sugar mix will make approx. 25 medium size fairy floss sticks.

*Enjoy the sweet taste of freshly made fairy floss.
For best results we recommend products sold by MIA Party Hire.*
